
12.3. NUMBERING AREA. [Replaces all existing 12.3 LCRIIs.]

CONSER standard and minimal record practice: Give numbering only in an unformatted note (362 1# field).

362 1# \$a Began with v. 1, no. 1 (Jan./Mar. 2007).

362 1# \$a Began with the issue for Dec. 11, 2006.

362 1# \$a Began with the report for 1990.

[Note to those reviewing this LCRI: Also being proposed is the cancellation of all the LCRIIs for specific 12.3 subrules. For those libraries wishing to give that information in a formatted field (362 0#), the LCRIIs will remain available for consultation in past issues of *Cataloging Service Bulletin*.]
